

HIRLING
CAPITAL INVESTMENT SERVICES

Hirling Capital Investment Services GmbH is a financial services provider with headquarters in Berlin. We advise companies on creation and implementation of individual financial solutions. We always align the financial structure to match our client's business model and strategy. Our extensive experience from business, the banking industry as well as numerous personal contacts to international investment banks makes us a sought after partner for individual financing projects.

To support our team we are offering you a position as

Consultant Financial Services (f/m)

Your Prospects:

At our office in Berlin we are offering you interesting tasks and an innovative dynamic working environment. You have the opportunity to be an active participant in the expansion of our company.

Your Duties and Responsibilities:

- Preparation, creation and processing of innovative total solutions with the combination of strategy and finance.

Additionally you will work in other areas such as acquisition, project development and the development of customer relationships. You will be partly responsible for projects and have the opportunity to move into management tasks.

Your Qualifications:

- Degree in business administration or comparable education with approx. 2 to 3 years working experience
- Major in Finance or knowledge of corporate finance through your previous work experience
- Fluent command of English both spoken and written
- Mobile for national and international project assignments
- Motivation, team spirit and goal-oriented work ethic
- High willingness to learn, people skills and the ability to convince

On your career path we support you - methodically, team oriented and collegial. Interested in the position? Then send us your application with your desired salary and picture (preferably by e-mail) to:
